The explosive new documentary **UNDERCOVER Exposing the far right** unmask Britain's new far-right extremists and follows the money trail.

Featuring anti-extremist organisation @hopenothate and its team of courageous investigators, the film includes never-before-seen footage of far-right figures.

UNDERCOVER shines a light on the hate-filled politics and ideologies that fuel these groups, and explores the resurgence of discredited "race science" within the modern far right. #ExposingTheFarRight
